Student Learning Survey

Hello Parents,

The Student Learning Survey, for parents who have children in grade 10 or 12, is now open. The survey is designed by the Ministry of Education and provides valuable information at the provincial, district, and school level. As the principal I receive a summary of the results for each question. I read through these summaries noting where we are doing well and where we need to improve. This information helps us decide where to put our time, energy, and money over the next year. I want you as parents to know that the results of the survey are confidential and that the results do not sit on a shelf in someones office.

The survey has 29 questions and will likely take you less than 10 mins to complete. You can complete the survey on your phone or computer. I tested it myself on my iPhone and it worked well. Please take the time to provide us with your feedback prior to spring break.

Monday March 15th to 19th

- Spring Break

Breakfast Program

Due to the generous funding from the Telus Friendly Future Foundation and The Breakfast Club of Canada we are able to offer food to students on a regular basis in the morning and at our “recess” break. I want to give a big shout out to the senior students who help make this happen. These senior students volunteer their own time to serve their peers. Without their help the breakfast program simply would not run.

TELUS Friendly
Future Foundation

Breakfast Program

This morning we served up smoothies as part of our breakfast program. Thank you to Mrs. Zeitsov who helped me make them.
